Changing Environment

Higher Citizen Expectations

Property Tax Challenges

Economic Declines

Unfunded Mandates

Fiscal Uncertainty

Changing Environment

- Public unwilling to raise taxes (but equally unwilling to cut services!)
- No more tax increases and often tax reductions
- Emphasis upon cutting the size of government
- Declining support for employee pensions and healthcare
- “*Now-Focused*” instead of “*Future-Focused*”
- More concerned with ideology – less concerned with cause and effect
- Doing more with less.....
- Question everything - “Run Government like a Business”

Huge Emphasis on Continuous Improvement

- ❑ Prioritization of Services
- ❑ Making hard choices
- ❑ Haves vs have-nots
- ❑ Who is subsidizing who?
- ❑ Six Sigma
- ❑ Lean Government

Changing Environment

- ❑ One of the challenges the City of Lakeland (and its peer cities) face now more than ever is the need to better connect the value & associated costs of municipal services to our constituencies
- ❑ Clearly, through their actions, our constituents have asked:
 - What should be kept?
 - What should be changed?
 - What should be eliminated?

Changing Environment

- ❑ Constituents expect local governments to operate at improved efficiencies:
 - How do we compare? (e.g. benchmarks & comparative data)
 - What are the impacts associated with service cuts?
- ❑ Governing Bodies require the same:
 - What services can/should we provide at quality levels and at costs that are acceptable to the community?
- ❑ The Governing Body, Administration and the Community will need a roadmap of how to get there based upon prioritization of programs and services

Where did our Journey begin? 2009 City Commission Retreat

Lakeland became an early disciple of Chris Fabian & Jon Johnson from Jefferson County, Colorado – Before they branched out and established the Center for Priority Based Budgeting!

Key Objectives of Prioritization

- ❑ Comparatively evaluate municipal core services relative to their influence on achieving Goals & Outcomes in the Strategic Operating Plan
- ❑ Better understand our core services in the context of the cause-and-effect relationship they have on the Strategic Operating Plan
- ❑ Provide a higher degree of understanding among decision-makers regarding the scope, costs and impact of municipal core services
- ❑ Publicly articulate how we value our services, invest in our priorities and ultimately divest ourselves of lower priority services

GRC Review Process

- ❑ Assigned individual Committee Members to review specific Governance Outcomes and Operational Goals/Other Category Criteria
- ❑ Criteria Specialist (GRC Member) shared High through Low benchmark examples and explained rationale for grades assigned
- ❑ Criteria Specialist facilitated the review and discussion of Core Services
- ❑ Changes to Core Service Grading were discussed, with consensus reached before assigning final Grades
- ❑ GRC reconsideration of Grade assignments to be based on Departmental requests where total GRC Grade was reduced by 8 or more points from original Departmental Grades
- ❑ Mayor & City Commission subsequent review and input

Budget Theme

No you can't always get what you want,
You can't always get what you want,
You can't always get what you want...
But if you try sometimes, you might find,
You get what you need.....

- ❑ Inaugural Departmental budget targets with Priority-Based Budgeting averaged 2% from previous Fiscal Year, less compensation built-ins, one-time projects and carryovers
- ❑ Prioritization Quadrant budget targets were based upon following cuts:
 - 1.75% - Quadrant 1 Services
 - 2.00% - Quadrant 2 Services
 - 2.25% - Quadrant 3 Services
 - 2.50% - Quadrant 4 Services
- ❑ Subsequent budget targets have changed from Fiscal Year to Fiscal Year based upon economic conditions

Annual Budget Fiscal Year 2016

City of Lakeland, Florida

Performance Budget Format

Performance Budget Overview

Understanding Performance Budgets

This section provides supplementary information for each of the eight Programs operated by the City. Each program is made up of Activities that carry out the operations of the City.

The performance budget for each Activity is separated into the following major components:

1. Mission

A statement identifying the particular purpose of the activity, and its relationship to the overall mission of the City.

2. Core/Support Services

Listing and descriptions of the fundamental services that the Activity provides to its customers. Core Services are those with deliverables to external customers—the residents and customers of the City. Support Services are internal in nature, assisting other departments in the City in fulfilling their missions and activities.

3. Performance Measurements

The Operational, Florida Benchmark Consortium (FBC) and Key Success Indicator (KSI) measurements for each Activity. These measurements are focused on accomplishments that will be attained within the current fiscal year. All objectives are measured by the performance indicators supplied.

Code Enforcement

Mission

To maintain safe, attractive neighborhoods and commercial/industrial districts by ensuring compliance with the City's codes and ordinances.

- 1
- 2
- 3

Core Services

Assures physical conditions related to health, safety and general welfare are maintained throughout the City. Includes the enforcement of the housing code, codes prohibiting nuisances (overgrowth, trash, signs storage and abandoned vehicles), and various zoning and land development regulations. Code Enforcement is responsible for the administration of signs and signs rack regulations, administering contracts for regular maintenance of City-owned vacant lots/properties and perform private property lot clearing and demolition activities through the special assessment process. Code Enforcement also manages the Community Clean-Up Fund by performing periodic neighborhood cleanups in conjunction with the Neighborhood Planning area of the Community Development Department and the Public Works Department including the Lateral Clean and Beautiful volunteer group.

Building Code/Permitting Enforcement

Enforcement of building code compliance related to construction activity initiated without proper building permits and/or undertaken by unlicensed contractors. Includes building construction and sign installations.

Property Maintenance

Enforcement of the various codes and ordinances related to the maintenance of private property, including housing, care of premises, and derelict vehicles. Includes administration of Code Enforcement Board and Hearing Officer proceedings for property maintenance violations, as well as the special assessment lot clearing and clearing program.

Sign Code Enforcement and Compliance

Enforcement of the City's sign regulations, notably prohibited signs including banners, pennants, streamers, inflatable's, and signs placed illegally in public right-of-way. Includes administration of Code Enforcement Board and Hearing Officer proceedings for sign code violations.

Zoning Code Enforcement and Compliance

Enforcement of the City's land development regulations, including but not limited to permitted and conditional uses, freest parking and storage of recreational vehicles and boats, parking and storage of commercial vehicles and construction equipment, and signs racks. Includes administration of Code Enforcement Board and Hearing Officer proceedings for zoning code violations.

Lessons Learned

- ❑ **This is hard stuff!**
- ❑ Connect with the *Center for Priority Based Budgeting*
 - www.pbbcenter.org
- ❑ Senior Leadership and Governing Body buy-in is essential
- ❑ Be prepared for internal Departmental concerns with prioritization of their services
- ❑ Don't get carried away with too much detail at the start
- ❑ Don't worry if the process is not perfect to start with - it will evolve over time
- ❑ Collaborate with other local governments that have adopted PBB for new ideas
- ❑ Remember that PBB is recognized as a leading practice and help spread the word!
